Re: Five-Year Review of Reclamation Surety Estimate, Chemical Lime Company, Grantsville Quarry, M/045/028, Tooele County, Utah

Dear Mr. Hedberg,

Please find enclosed the most recent update of the mapping for the Grantsville Quarry. This map reflects the status of the quarry as of February 16, 2001.

This is an active quarry where all ore zones are currently being worked. No reclamation has taken place in the past seven years, since no one portion of the mining activity has been completed.

If you have any questions please feel free to call me at (800) 365-6724.

Sincerely,

Dana Dean, P.E.
Mining Engineer
